NEW QUESTION: 1

In the European Union, many multinational companies have Work Councils that are created to protect workers interests. A company with 50 employees working across the EU has decided to create a Work Councils Recently, a court has fined the corporation for laying off 10% of the employee population in one of its E.U sites without discussing it with its Work Councils. Which of the following reasons represents the PRIMARY rationale for why this occurred?

- A. The company did not follow the collective bargaining agreement
- B. The company did not follow the government-provided program
- C. The company did not follow the voluntarily-provided program
- D. The company did not follow the government-mandated program

Answer: A

NEW QUESTION: 2

A Windows server D: drive is being archived using IBM Spectrum

Protect on a weekly basis and the data is being retained on tape storage pool for period of 180 days.

As per changes suggested by the compliance team, the data on D: drive is now required to be protected on a daily basis and retained for a period of 90 days. To address this requirement, the methodology needs to be moved from Archive to Progressive Incremental.

The existing default management class WEEKLYARCHIVE containing the archive copy group is deleted and a new default management class DAILYBACKUP containing backup copygroup is created.

In this situation what would the retention be for the data already being archived in IBM Spectrum Protect?

- A.** The archive retention grace period defined in the Policy Domain will be used.
- B.** Data is rebound to DAILYBACKUP and its retention of 90 days is used.
- C.** Data will be preserved for an infinite period.
- D.** Retention present in the deleted WEEKLYARCHIVE (180 days) is used.

Answer: A

Explanation:

The server uses the archive retention grace period to manage archive copies of files when either of the following conditions occur:
