NEW QUESTION: 1

The best design option to meet this requirement.

- A. Use a web link that opens the service portal in a new window.
- B. Use a Custom Object and only give service users access to that tab.
- C. Use a combination of dashboard functionality and custom objects to display the service portal.
- D. Create a custom Web tab that points to the service portal.
- E. Leverage dashboard functionality to display the service portal.

Answer: D

Explanation:

A Web link is a custom field that allows you to place a hyperlink to an external Web site or Web-based application in a record in Oracle CRM On Demand. You can use a Web link custom field to provide a convenient way for users to navigate to another Web page, including another page in Oracle CRM On Demand. You can configure a Web link to simply open another Web site. You can also configure the Web link to pass specific information from the Oracle CRM On Demand record as a parameter in the URL.
