If you do, you can choose us, [Valid CCJE Exam Question](#) we have confidence help you pass your exam just one time.

NEW QUESTION: 1

According to Cisco, which four improvements are the main benefits of the PPDI00 lifecycle approach to network design? (Choose four.)

- A. Faster ROI
- B. Faster access to applications and services

- C. Better implementation team engagement
- D. Increased network availability
- E. Improved business agility
- F. Lower total cost of network ownership

Answer: B,D,E,F

Explanation:

The PPDI00 life cycle provides four main benefits:

+

It improves business agility by establishing business requirements and technology strategies.

+

It increases network availability by producing a sound network design and validating the network operation.

+

It speeds access to applications and services by improving availability, reliability, security, scalability, and performance.

+

It lowers the total cost of ownership by validating technology requirements and planning for infrastructure changes and resource requirements.
