NEW QUESTION: 1

What is the primary purpose of the CiscoTelePresenceMCU? Select exactly 1 answer(s) from the following:

- A. It allows you to name the endpoint registers.
- B. It creates and holds the phones books.
- C. It gives you access to the URI database.
- D. It allows for the connection of multiple participants on one call.

Answer: D

NEW QUESTION: 2

In a portfolio you have a continuous interaction between the portfolio and its components. The approach is top down when it comes to offering guidelines and approaches and becomes bottom up when the components report status and progress to the portfolio. What is the relation between the portfolio and portfolio components when it comes to defining the performance measures and targets (metrics)?

- A. Portfolio metrics used at the portfolio level are the same used at components level

- B. Portfolio metrics are not related to component metrics, each is used at its own level
- C. Metrics are defined at components level and rolled up to the portfolio level
- D. Metrics are defined at portfolio level and given as guidelines to components in order to define their own metrics

Answer: C

Explanation:

Explanation

Performance measures and targets (metrics) are set at the portfolio component level and then rolled up to the portfolio level to determine overall portfolio impact

NEW QUESTION: 3

Click the Exhibit button.
