Reference: Set up centralized vendor payments [AX 2012]

#### **NEW QUESTION: 2**

"We might as easily reprove the east wind, or the frost, as a political party, whose members, for the most part, could give no account of their position, but stand for the defence of those interests in which they find themselves."

- Ralph Waldo Emerson (1803-1882), U.S. essayist  
"A party of order or stability, and a party of progress or reform, are both necessary elements of a healthy state of political life."

- John Stuart Mill (1806-1873), British philosopher

Which of the following party systems would Emerson most likely support?

**A.** a multi-party system

**B.** one in which citizens are independent and think for themselves

**C.** a two-party system

**D.** one in which with citizens are loyal to a political party at all costs

**E.** a system with a liberal party that advocates for change and a conservative party that maintains tradition

**Answer: B**

Explanation:

Explanation/Reference:

Explanation:

Emerson portrays loyal party members as followers who cannot defend the positions of their own party.

Emerson would most likely choose a system that encourages individual thought.

### **NEW QUESTION: 3**

Given the code fragment:

```
// insert code here arr[0] = new int[3]; arr[0][0] = 1;  
arr[0][1] = 2; arr[0][2] = 3;
