Free exchange or refund will be provided if HP2-H75 candidates does not pass the HP2-H75 exam successfully, In this way, you can learn our HP2-H75 quiz prep on paper.

You can contact us when you need help with our certification guide for HP2-H75 - Selling HP Healthcare Solutions 2018 (UK) exam or any problems about the IT certification exams, Through qualifying examinations, this is our HP2-H75 real questions and the common goal of every user, we are trustworthy helpers, so please don't miss such a good opportunity.

No matter how high your pursuit [New AWS-Advanced-Networking-Specialty Exam Answers](#) of the goal, Mecatronica will make your dreams become a reality.

NEW QUESTION: 1

What prefix in the IPv6 address does the Interface ID begin?

- A. /32
- B. /48
- C. /96
- D. /64

Answer: D

Explanation:

Basic IPv6 Address Format

Image: The figure shows the three parts of an IPv6 address,

which are described in the next text.

The leftmost three fields (48 bits) contain the site prefix. The prefix describes the public topology that is usually allocated to your site by an ISP or Regional Internet Registry (RIR). The next field is the 16-bit subnet ID, which you (or another administrator) allocate for your site. The subnet ID describes the private topology, also known as the site topology, because it is internal to your site.

The rightmost four fields (64 bits) contain the interface ID, also referred to as a token. The interface ID is either automatically configured from the interface's MAC address or manually configured in EUI-64 format.
