with less effort and less time.

Many working employees want to take part in the AD5-E809 certification exams.

NEW QUESTION: 1

Identify the four forms that are available for person type applicant?

- A. Competence Profile
- B. Work Preferences
- C. Address
- D. Assignment
- E. Contact

Answer: A,B,C,E

Explanation:

Explanation

B: You can update a worker's competency profile at any time using the Competence Profile window in the forms-based interface.

C: You can enter work preferences (such as preferred work locations and work hours) for an individual in the Oracle HRMS Work Preferences window.

Note: The Oracle HRMS competency functions enable you to:

- * Identify and measure consistently the knowledge, skills, and behavior displayed by your work-ers across the enterprise.
- * Speed the deployment process within your enterprise and reduce recruitment costs. You can identify and select workers and applicants on a common basis and match them with opportunities that arise across the whole enterprise. This ensures that an able candidate is not rejected because of a mismatch for one vacancy when other suitable vacancies exist. Ensure your enterprise meets its business goals. You do this by linking the competencies held by your workers into the competencies required to meet the business goals of your enterprise.

NEW QUESTION: 2

What does the remittance import functionally in SAP Ariba Buying and invoicing load?

- A. Supplier bank data needed for payments
- B. Invoices for payments by SAP Ariba and invoicing
- C. s. ERP invoice data into SAP ariba's reporting engine

Answer: B,E

NEW QUESTION: 4

Your network contains an Active Directory domain named contoso.com.

The domain contains a file server named Server1 and a domain controller named DC1.

All servers run Windows Server 2012 R2.

A Group Policy object (GPO) named GP01 is linked to the domain.

Server1 contains a folder named Folder1.

Folder1 is shared as Share1.

You need to ensure that authenticated users can request assistance when they are denied access to the resources on Server1.

Which two actions should you perform? (Each correct answer presents part of the solution.

Choose two.)

- A.** Configure the Customize message for Access Denied errors policy setting of GP01.
- B.** Enable the Enable access-denied assistance on client for all file types policy setting for GP01.
- C.** Assign the Read Attributes NTFS permission on Folder1 to the Authenticated Users group.
- D.** Install the File Server Resource Manager role service on DC1.
- E.** Install the File Server Resource Manager role service on Server1.

Answer: B,E
