If you find live support person offline, you can send message on the Internet and they will be available as soon as possible, High passing rate of our CPIoT exam torrent.

We can confirm that the high quality is the guarantee to your success.

NEW QUESTION: 1

Which of the following most appropriately describes the classification and behavior of shipping costs?

- A. Option C
- B. Option A
- C. Option B
- D. Option D

Answer: C

Explanation:

Using the high-low method, the variable and fixed costs for shipping can be calculated. The difference in cost levels divided by the difference in unit volume equals the variable

cost per unit of US \$1.40 [$(\$114,000 - \$93,000) \div 70,000 = \1.40]. The variable cost for 70,000 units is US \$98,000 ($70,000 \times \1.40). Subtracting the variable cost from total shipping cost results in the fixed cost of US \$16,000 ($\$114,000 - \$98,000$). A company wants to determine its marketing costs for budgeting purposes. Activity measures and costs incurred for 4 months of the current year are presented in the table below. Advertising is considered to be a discretionary cost. Salespersons are paid monthly salaries plus commissions. The sales force was increased from 20 to 21 individuals during the month of May.

NEW QUESTION: 2

You are in the Project Management Office (PMO) for a company that uses Project Online to select portfolios for each business unit.

The parameters used as cost constraints vary from department to department, including Cost, CapEx, and Estimated Hours. You are responsible for providing the infrastructure to support the various constraints.

You need to select a feasible method for employing cost constraints.

Which two fields should you use? (Each correct answer presents part of the solution. Choose two.)

- A. Project Duration
- B. Project Cost
- C. Project Text
- D. Project Number

Answer: B,D

NEW QUESTION: 3

In a Centralized Call processing architecture, you have deployed Extension Mobility (EM) feature.

After the deployment of EM, when one of the end-users tries to login to the IP phone, the Error 25 is displayed on the screen. What three things should you do to resolve this issue? (Choose three.)

- A. subscribe the MAC address of the IP Phone to EM Service
- B. activate EM feature service under Cisco Unified Serviceability
- C. upgrade the firmware of the IP Phone to the latest version
- D. update EM Phone Service URL to point to the publisher
- E. associate EM Device profile with the end-user
- F. subscribe device profile to EM phone service in case the enterprise subscription of EM Service is disabled

Answer: A,B,E
