Answer:

Explanation:

Explanation

Step 1: Download the OVA file for the collection appliance
Azure Migrate uses an on-premises VM called the collector appliance, to discover information about your on-premises machines. To create the appliance, you download a setup file in Open Virtualization Appliance (.ova) format, and import it as a VM on your on-premises vCenter Server.

Step 2: Create a migration group in the project

For the purposes of assessment, you gather the discovered VMs into groups. For example, you might group VMs that run the same application. For more precise grouping, you can use dependency visualization to view dependencies of a specific machine, or for all machines in a group and refine the group.

Step 3: Create an assessment in the project

After a group is defined, you create an assessment for it.

NEW QUESTION: 2

A company has decided to move large data sets to a cloud provider in order to limit the costs of new infrastructure. Some of the data is sensitive and the Chief Information Officer wants to make sure both parties have a clear understanding of the controls needed to protect the data.

Which of the following types of interoperability agreement is this?

- A. SLA
- B. BPA
- C. MOU
- D. ISA

Answer: D

Explanation:

ISA/ Interconnection Security Agreement is an agreement between two organizations that have connected systems.

The agreement documents the technical requirements of the connected systems.

Incorrect Answers:

B. MOU/ Memorandum of Understanding is a document is used in many settings in the information industry. It is a brief summary of which party is responsible for what portion of the work.

C. SLA/ Service-Level Agreement define the level of service to be provided. For example, with a company providing technical support, the SLA will determine the response time (for example, will a tech be on site within 4 hours? 8 hours?) and the level of response (will there be a replacement part if needed?).

D. BPO/ Blanket Purchase Order is usually applicable to government agencies. It is an Agreement between a government agency and a private company for ongoing purchases of goods or services.
