### SIMULATION

#### Instructions

#### Exam Environment

#### Exam Interface and Controls

The exam panel provides access to the project task(s). Each project has an associated file in which you will perform the project tasks.

1. Project file

2. Split bar

3. Exam panel

You can modify the exam interface to fit your needs in the following ways:

\* To increase or decrease the exam panel font size, press Ctrl+Plus or Ctrl+Minus.

\* To change the height of the exam panel, drag the split bar between the project file and the exam panel.

\* To restore the interface to the default appearance, click the Restore button near the upper-right corner of the exam panel.

4. The Information bar at the top of the exam panel displays the current project and total number of projects, the remaining exam time, and the following commands:

\* Collapse Panel. Minimizes the exam panel to provide more space for the project file.

\* Restart Project. Closes and reopens the current project file without saving your changes.

\* Submit Project. Saves your changes, submits the project file, and moves to the next project.

\* Calculator. A calculator is available in some exams. You are not required to use the calculator.

\* Restore. Restores the size and position of the project file and exam panel to the defaults.

\* Help. Displays information about the exam interface.

5. The Content area displays the task tabs and the current task description.

6. The Navigation area at the bottom of the exam panel contains the following commands.

\* Previous Task/Next Task. Saves your response and moves to the previous or next task in the current project.

\* Leave feedback after exam. Flags the task to indicate that you want to leave feedback about it after the exam.

\* Mark for review. Flags the task to indicate that you want to return to it before you finish the exam.

\* Mark as complete. Flags the task to indicate that you feel you have completed the task.

In projects that contain multiple tasks, you can switch between tasks by clicking the task tab, Next Task button, or Previous Task button.

End of the instructions.

On the "Royalties" worksheet, the existing formula in the

### **NEW QUESTION: 3**

A company has a corporate office building that is used by 50 to 100 unique visitors each day for meetings. Users routinely report that they are unable to access the network with their laptops when visiting this location.

The help desk reports that these users are not getting IP addresses automatically assigned.

After an investigation, the server administrator has determined that the DHCP service is functioning, but a minimal number of addresses are available for lease.

The building is on its own class C subnet and has 250 addresses in the scope. Which of the following represents a long term solution to the problem?

**A.** Manually delete address leases from DHCP.

**B.** Create reservations in DHCP for users frequently visiting this location.

**C.** Reduce the lease duration in the DHCP scope options to one day.

**D.** Assign static IP addresses to visiting laptops.

**Answer: C**
