NEW QUESTION: 2

Which word best characterizes employee movement in the teambased model of career development?

- A. lateral
- B. frequent
- C. static
- D. upward

Answer: A

Explanation:

Explanation: In a teambased model of career development,

employee movement is generally lateral. The members of a work team are on the same level, and so position change is not generally considered as promotion or demotion. Some organizations encourage this sort of lateral movement because it gives employees a broader set of skills and reduces burnout.
