Explanation:

Confidentiality, integrity and availability, also known as the

CIA triad, is a model designed to guide policies for information security within an organization. The model is also sometimes referred to as the AIC triad (availability, integrity and confidentiality) to avoid confusion with the Central Intelligence Agency. The elements of the triad are considered the three most crucial components of security.

Incorrect Answers:

A: The letter A in the CIA/AIC triad stands for Availability, not Auditability.

B: The letter A in the CIA/AIC triad stands for Availability, not Accountability.

D: The letter A in the CIA/AIC triad stands for Availability, not Authentication.
