Each service may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content

#### Answer:

Explanation:

Explanation:

Box 1: Azure Media Services

Azure Media Services gives you broadcast-quality video streaming services to reach larger audiences on today's most popular mobile devices. Media Services enhances accessibility, distribution, and scalability, and makes it easy and cost-effective to stream content to your local and worldwide audiences

Box 2: Mobile Services

Microsoft today announced upcoming changes for its cloud services intended for use in mobile apps. The Azure Mobile Services suite - which offers push notification capability, authentication, and data storage - will be discontinued in December 2016. Microsoft is encouraging people to move sites from Mobile Services to the Azure App Service, which offers similar functionality and will begin automatically migrating sites to App Service on Sept. 1.
